TABLE IV—Deaths (exclusive of stillbirths) in the state from specified causes, by color and age of decedent: 1917.....	210-215
TABLE V—Deaths (exclusive of stillbirths) from important causes, by race of decedent and month of occurrence: 1917.....	216-218
TABLE VI—Deaths (exclusive of stillbirths) in towns of over 1,000 population in 1910, by color of decedent and cause of death: 1917.....	220-235
TABLE VII—Deaths and death rates (exclusive of nonresidents) from certain important causes, for towns having a population of over 5,000 in 1910, for year 1917, by races.....	236-243

RALEIGH, N. C., January 1, 1919.

DR. W. S. RANKIN,

State Registrar of Vital Statistics,

Raleigh, N. C.

DEAR SIRS—I have the honor to submit, under the Vital Statistics Law, biennial report showing total number of births and deaths in North Carolina by counties, with the rate per 1,000 of population, and tabulated reports of deaths occurring during the years 1916 and 1917.

Respectfully submitted,

J. R. GORDON,

Deputy State Registrar.

VITAL STATISTICS

Tables Showing Total Number of Births and Deaths in North Carolina, by Counties, with Rate per 1,000 of Population, and Deaths Occurring for the Biennial Period, 1916-1917.
